

Advantage Basketball Camps

Return to the Hardwood Palace, this summer!

TESTIMONIALS:

“Teamwork, confidence and leadership: I’ve noticed Eddie’s increased confidence, as well as a disposition to help others more – not only here but outside the camp. He’s also enjoyed learning some new techniques, and especially being able to practice them in combinations - Thank you so much for such a great week. Both kids have really enjoyed it. They look forward to it every morning and are very happy to have been a part of it. We look forward to the next one!”

Father of brother and sister (Ages 10 and 13)

“Big improvements in my ball handling. More confident in my dribbling. I know good drills to help me get even better.

Matthew (camp attendee, age 16, high school varsity player)

“Gino and Anthony really enjoyed this experience. The coaches were motivating and positive. Loved the drills – we’ll continue those at home! Keep doing what you’re doing!”

Mother of two sons (ages 14-15)

“All 3 children show more confidence during real league games played during the camp session. On those evenings during actual competitive games, some of the drills taught were actually used. I witnessed a spin move that was never used before. Moves that had been used before became more fluid.”

Mother of 3 daughters (ages 11, 12 and 14)

“Gabby has seen how the other players work very hard to reach their achievements. This is Gabby’s first course in basketball. She continues to enjoy the challenges in this camp. Repetition has been great for her fundamental learning.”

Mother of girl, age 8.

Camp Expectations:

It is our intention that every camper who attends our camps will come away with improved confidence to execute the fundamentals, as well as a greater capacity to listen and learn, to work hard, to have fun, and to help others do the same.

**LEARN - WORK HARD
PLAY TOGETHER - HAVE FUN!**

Advantage Basketball Skills training is based on the premise that all individuals are capable of great improvements through hard work, extensive training, motivation and positive reinforcement. In order for us, as a unit, to accomplish our goals we must work together at providing a positive attitude and environment for our children. **Get excited to learn and get prepared to find success through hard work.**

Basketball is a skills-intensive game. You simply must master the fundamentals. We guarantee the skills learned here, if practiced and developed, will elevate your game dramatically. **You will work very hard.** We are very serious about what we teach. We have found which fundamentals are the building blocks and are absolutely essential for elevated play in today’s fast-paced style of play. More important is we have learned how to teach these skills. There is no substitute for focus and repetition.

So, if you’re between the ages of 6 and 18, you love basketball, want to learn the game or improve your technique, are willing to work hard, and you want to make friends and have fun in the process, Advantage Basketball Camps is for you.

Parents: if your child is athletically inclined, or needs help in getting in better physical shape, is bound for high school or college basketball, or simply needs to learn the value of self-discipline, practice, and enhanced self-confidence, then register them today to attend the next Advantage Basketball Camps session.
